Heavy Duty Trikes & Scooters

Se ha mejorado la capacidad de resistencia mediante la aplicación del polímero PP/TPU en la banda de rozamiento de las ruedas!

Algunos beneficios del poliuretano termoplástico:

- Es muy duradero, resistente a los impactos y no se agrieta ni se fractura.
- Es resistente al calor y, por lo tanto, fácil de moldear, lo que lo hace ideal para una variedad de aplicaciones.
- Es fácilmente reciclabl, lo que significa que también es bueno para el medio ambiente.

The resistance capacity has been improved by the application of PP/TPU polymer in the tread of the wheels!

Some benefits of thermoplastic polyurethane:

- It is highly durable, impact resistant and will not crack or fracture.
- It is heat resistant and therefore easy to mold, making it ideal for a variety of applications.
- It is easily recyclable, which means it is also good for the environment.
